for several years manager of Parkes, burg Iron, has been signed as playing manager of Fleisher, succeeding Tom Walker.

The announcement that Walker had been deposed as the head of the downtrous was not wholly unexpected. The team has been in the midst of a alump and considerable criticism of Walker's methods has been heaped on the Athletic Committee. It was agreed that the best way to solve the problem was to sign a playing manager.

Has the Experience

Charlie White has plenty of pep and experience in the role of manager. He directed Parkesburg Iron, one of the semi-pro top-notchers for several years and is included among the best backstops hereabouts.

The Fleisher management was reluctant to let Walker go, but they gelt the team's best interests were served in the decision. Produces Skin Cream That Makes the Use of **Ointments Unnecessary**

Something to take the place of greasy contrments which remain on the surface to soil the clothing has been the search of skin apecialists for ages.

A Baltimore druggist has found the answer and there is being produced to day in a Baltimore laboratory a grease-less skin cream which soothes and heals so quickly that people who use it say it is the greatest skin cream of all time.

These people find no more use for greasy cintments, for the new greaseless cream, called Noxsema, does everything expected of an olitment and does it cleanly and quickly.

Its outstanding constituent is Oil of Cloves, famous toothache soother. In addition it contains cooling Menthol, healing Camphor and other splendid antiseptics.

Whether or not you have any skin complaint you should become acquainted with this new cream, for it is as delightful a face cream as you ever used—and its regular use keeps the skin ficalthy and beautiful.

Get a jar of Nozzema from your druggist on a money-back guarantee.
